Welcome to the new ROOT website!

The ROOT web site has some fresh paint on it! We hope you like it - we have put a lot of effort and time into making ROOT's web site more accessible and simply nicer.

As always please let us know of any problems you find!

Technical Details

In case you wonder: we are now using [Drupal](#) ^[1] as content management system. And we are not the only ones ^[2]. We have worked on the design and layout ourselves - but we took a good template ^[3]!

We are also using some pretty nifty tools that we have found in the wild, e.g.:

- [jsMath](#) ^[4] for rendering mathematical formulas
- the [JavaScript Information Visualization Toolkit \(JIT\)](#) ^[5] (yeah, like that abbreviation wasn't already taken ^[6]...) for the site map on the [overview page](#) ^[7]
